Directory of home delivery services

Business Home

Linking local businesses with the community

We recognise that in the current difficult circumstances with enforced social distancing, self-isolation, home-schooling and remote-working, the need to get products and services delivered to the door is more necessary than ever before.

With the new measures we've put in place with the support of our postal team, we aim to continue delivering to you. We're in the unique position of being able to reach every household on the Island and we'd like to use this opportunity to help businesses get their information circulated and, in turn, help those at home gain access to the information they require.

Jersey Post 

All details in this brochure were supplied to us by the business owners. Jersey Post are not responsible for the accuracy of the service details or any changes in the availability of the services listed.

fb.com/watersplash.jersey

LOOK OUT FOR THIS CARD

You may have noticed that your mail is arriving at a different time to normal. This is because our posties are working on different shifts in order to continue delivering safely.

We're sending out one of these cards to every home on the Island. Please look out for this card and display it where your postie can see it.

Please help us keep our posties safe!

If you do not have a SecureDrop where we can leave items that do not fit through your letterbox, but you are happy for us to leave your items by your door, then please display the reverse of this card in your window or door where your postie can see it. If you are out and do not wish for your items to be left, simply take this card down.

Thank you.

Jersey Post 

To our Postie:
Please ring the doorbell or knock on the door and leave our item/s on the doorstep. We will be out shortly to collect it/them.

Due to the exceptional commitment of postal staff, who provide an essential front-line public service, we are continuing to maintain collection and delivery services, keeping people connected and businesses working.

Our number one priority is the health and safety of our customers and colleagues.

Jersey Post has drawn up a list of measures to protect its staff and prevent the spread of the virus by asking Islanders to think about safety first when receiving post and parcels.

When receiving mail or parcels:

- If you see a postie coming towards your door, please DO NOT OPEN YOUR DOOR. We will sign your parcels and letters for you.
- We will leave the parcel, food or medication on your doorstep and then knock. Give the postie enough time to step away from the door.
- If you are already outside your house, go inside or step away 2 metres from your postie. Please do not approach your postie.
- Remember we are only trying to help protect you from this virus.

Other steps you can take to enable Jersey Post to continue delivering to you, whilst reducing the risk of transmission of coronavirus, are:

- Sign up for SecureDrop
- Sign up for 24/7 Parcel Lockers
- Clean your letterbox and SecureDrop daily
- Maintain social distancing when receiving a delivery
- Only visit post offices if absolutely necessary and maintain social distancing when visiting
- Maintain good hygiene as per official guidelines

Niall McClure, Managing Director, Post and Logistics said:

"In the difficult weeks and months to come we expect our role to become even more important, as we help to deliver essential supplies to those who need help most. Keeping as many of our staff healthy and fit for work now therefore has to be our priority."

& HELP KEEP OUR POSTIES SAFE

Delivering for you
