

Jersey Post's Logistics Services

Helping eCommerce customers
expand their reach

Are you an on island eCommerce business looking to expand your reach?

Through our postal network and our established freight links, we offer flexible and cost-effective supply chain logistics solutions between Jersey, the UK and anywhere in the world.

www.jerseypost.com

Logistics Packets and Parcels Service

We manage your outbound bulk mailing needs to the UK and beyond with people, technology and ability:

Personal service

Tailored to your business requirements, a dedicated Account Manager will work with you to make recommendations on best practice to improve your reach and streamline your processes.

Integrated systems

To easily create, book and manage your shipments, our bespoke shipping platform can be fully integrated with your systems. Our online invoicing portal means no paper bills and facilitates a simple way to declare mailings and easily process and reallocate charges.

Customs compliance

Our automated labelling system ensures customs compliant documentation is declared on parcels, as well as being sent electronically in the pre-advice from the shipping platform. We can even match up your product SKUs with the correct HS commodity codes if required.

Pre-clearance for speedier deliveries

Easily declare VAT payments through our IVAS scheme. If you're IOSS registered, we can offer a direct-entry product through La Poste to France, which pre-clears your items to ensure a faster delivery time.

Reliable delivery networks

A fast, reliable postal network, with links to over 180 countries. Our negotiated agreements and rates with many of the receiving Post Offices, enables us to offer a full range of delivery and price options, from economy to a fully-tracked premium service.

Flexible collection

We can collect up to five days a week from your premises. Items collected before 12pm will be despatched the same day.

International service updates

Regular updates will keep you informed of any country specific delays or bank holidays that may impact your shipments and customers.

The more you send, the better your rates

Bespoke discounted pricing based on volume.

What about inbound deliveries and freight? →

Logistics and Freight Services

We cater for inbound and outbound shipping needs, domestically in the UK and to and from Europe:

Expertise

Whatever your shipping requirements or size of business, our experienced team has the expertise to advise you on all aspects of commercial and domestic freight. We pride ourselves on consistently delivering a high quality service whilst building strong relationships with our customers.

Vehicle fleet

Our versatile fleet of vehicles enables us to easily deliver a wide range of freight cost effectively.

Shipping & European links

We operate a dedicated shipping trailer on regular sailings between Jersey, Guernsey and the UK, with direct links to Europe through our wider network.

Commercial freight

Our extensive commercial freight services include the ability to ship ambient, chilled and frozen goods. We're also registered as a waste carrier with the UK environment agency, so we have the ability to ship your goods off-island to the UK for recycling.

Supply chain solutions

We offer supply chain solutions to a range of industries including retailers in food, alcohol and fashion, as well as horticultural customers and healthcare and pharmaceutical providers.

Customs services and bonded warehousing

Our in-house dedicated customs brokerage team can manage your import and export declarations, and assist with any tax or duties queries. Goods shipped with us into the islands are pre-cleared with local customs for all of our customers.

Tracking

Using the latest Track and Trace technology, you can monitor your shipment wherever it is in the world simply by logging in to your dashboard.

Warehousing and storage depots

With depots in Jersey, Guernsey and Portsmouth, we also provide convenient storage options for your goods whilst they are in transit. If required, we have UK-based customs bonded facilities for any imports transiting the UK from the EU or other international destinations.

International inbound & outbound

When you need to ship further afield, we're not just limited to Europe.

Our reach extends far beyond the Channel Islands, the UK and Europe. Through our Jersey Post Group global network, we can also arrange the collection and customs clearance of goods from around the world for local delivery.

Speak to us about the worldwide wide supply chain solutions we offer and how we can take the pain out of coordinating your international shipments.
